LEGAL PROVISIONS FOR FOREIGN ARCHITECTS

Regarding access to professional commitments, all professionals (Italians, EC citizens or non-EU citizens) are invited to consult the national laws relating to public service contracts. The recognition of foreign titles (EC and non) aimed at the inscription to the various Italian Orders, according to the implementation of Directives 85/384 / CEE, 85/ 614 / CEE, 86/17 /CEE and 89 /48/CEE regulations.

Requests for recognition of qualifications are referred to the ministry responsible for universities, which, after consulting with the ministries of foreign affairs and of justice, must in turn obtain the advice of the national university council and the national council of architects, before finally adopting a recognition decree for every diploma.

Once the interministerial decree has been issued, the Order registers the architect, in its usual register if the architect in question is resident in Italy, or in a special register if temporarily practising in Italy. Architects who, at the time of the 1985 directive, had already qualified and/or were exercising their profession before the 1987/1988 academic year, have no requirement to fulfil, as their diplomas are already recognised on an interim basis by the directive itself. They simply have to apply directly to the Order.

The Order and the CNAPPC (art.10) are responsible for providing architects from other countries with information on the legislation and the deontology of the profession, and for any language training foreign architects may need in order to practice in Italy.

The Directive 2005/36/EC governing the mutual recognition of architectural qualification and directive 2006/100/CE adjusting directives about free movement of people after the accession to EC of Bulgaria and Romania, has been updated in Italy by Legal Decree (DL) n. 206 of 6 November 2007. We recommend to find updated information on this topic in case of commission of project by the promoter of site.

The east seafront was assigned to the winner team and the west promenade was assigned to the mentioned team. At the moment the project realisation process of the Levante area has not progressed. Instead, the western project was completed in 2023. **Built**.

European 14

1- **Cuneo** – A workshop was organized on February 2018 with the winners and the runners-up and the City of Cuneo implemented a feasibility study, which is completed. The City of Cuneo has acquired the area and created a temporary division with the still active part of the Montezemolo’s Barrack. The Municipality managed the project following local dynamics outside of European.

European 15

1- **Laterza** – A workshop was organized on January 2020 with all awarded teams composed by: W-O’ Sciuvilo. Luca Petroni Edoardo Fabbri , Maria Pone , Francesca Melissano, Francesco Scillieri Margherita Erban (Archibloom). RU-La3: A Productive Square. Andrea Babolin, FabianaCortolezzis,

Giada Thuong Campigotto, Francesco Bortolato.

SM-Upcyclingravina. Caterina Rigo, Benedetta Staccioli, Martina Campanelli, Nicolò Agostinelli, Claudia Massioni, Leonardo Binni. The result of this work produced a strategic project that was included in the three-year planning of the city and brought to the attention of the Puglia Region to intercept funds for the realization in stages.

The Archibloom team has received the assignment for the definitive and executive project on a financing budget of 5Mln euros. **Implementation in progress.**

2- Verbania – A workshop was organized on October 2020 with all awarded teams composed by: W-Landscape in Between. Metaxia Markaki, Simona Ferrari.

RU-lung hub. An ecosystem for the urban regeneration of Verbania. Grazia Carioscia, Alice Barreca, Sarah Damiana Russo, Ambra Seghesio, Guido Pavia.

The result of this work produced a strategic project, shared with Stakeholders, under the coordination of Metaxia Markaki, Simona Ferrari. During 2021, the City elaborated the detailed plan, with the task of consulting the winners of the E15 competition, Simona Ferrari and Metaxia Markaki, with the support of “21 Marzo” and “N(E)ON LUOGHI” associations. The working group, born after the workshops of 2020, has led to a continuous and fertile dialogue between the winning architects of European and a group of Verbanese under 35, characterized by deep expertise in political science, urban planning, renewable energy, agronomy, philosophy, communication and performing arts. On 25 March 2022, the project defining the interventions in the area was presented. The area has been acquired by a private company which will follow the project according to the detailed plan adopted.

European 16

1- Bitonto – A workshop was organized on May 2022 with all awarded teams composed by: Luca Luini (IT), Riccardo Masiero (IT) – Winner with “Learning from the Lama”; Carlos Zarco Sanz (ES), Zuhair Kol (TR) - Runner up with “Atlas of Rituals”; Carmelo Radeaglia (IT), Giulia Azaria (IT), Alessandro Rosa (IT) - Special Mention with “DOP Diffuse Olive Park”;

Gianluca Masiero (IT), Andrea Pizzini (IT), Elena Calafati (IT), Mattia Chinellato (IT) – Special Mention with “Along the green river”. The result of this work produced a strategic project that was included in the three-year planning of the city and brought to the attention of the Puglia Region to intercept funds for the realization in stages. During the E16 awards event, the mayor announces that the City of Bitonto has acquired around 5 million euros, with the winning project "Learning from the Lama". In November 2022, the Administration commissioned a local studio for the definitive and executive project, together with the winning architects Luca Luini and Riccardo Masiero. **Planning is in progress.**

2- San Donà di Piave – A workshop was organized on April 2022 with all awarded teams composed by: Mai Hung Trung (VN) – Winner with “Agroecological Condenser”; Andrei Musetescu (RO), Cosmin Dumitru (RO), Loredana Nistor (RO), Oana Muresan (RO) - Runner-Up with “Nodo”; Federico Lorenzon (IT), Matilde Tavanti (IT) – Special Mention with “Living Between the Lines”. The result of this work produced a folder with guidelines for the strategic projects to put in the regeneration plans of the City.

European 17

1- Cantù – A workshop was organized on April 2024 with all awarded teams composed by: Margherita Pasquali (IT) and Olivari Carlotta (IT) – Winner with “Cantù Digital Eco-logics”; Giacomo Caputo (IT) and Leonarda Pace (IT) - Runner up with “Gügitt”; Víctor Vázquez (ES) and Adriana Vázquez (ES) - Special Mention with “Urban Catalogue”;

The result of this work produced a strategic project that was included in the funds tender in order to the implementation phase. *Fondazione Cariplo* and the Regione Lombardia (*Lombardy Regional Authority*) have granted the Municipality of Cantù a total contribution of 3 million euros for the project ‘MoMe - Museo diffuso del Mobile e del Merletto di Cantù’ (Widespread Museum of Furniture and Lace of Cantù), which also included the European projects of the final Workshop and the winning project. **Process started**
